

EVALUATION ON STUDENT PROGRESS

Provide a self-evaluation of your performance, using the measures previously identified, in applying and acquiring new knowledge, skills, and competencies identified in the Training Plan for STEM OPT Students. Discuss accomplishments, successful projects, overall contributions, etc., during this review period. Address whether there are any modifications to the objectives and goals for projects, or new areas for skill and competency development.

Range of Evaluation Dates: From (mm-dd-yyyy): 06/19/2018 To (mm-dd-yyyy): 02/06/2019

As a Systems Analyst with American Unit Inc., under the supervision of a manager, I have the opportunity to work on an ongoing project with the Department Of Motor Vehicles (DMV), CA, wherein I'm responsible for the installation, configuration, testing & maintenance of the client's systems, application software & system management tools. Apart from the responsibilities expected of my position, my contributions to the project also involves:

1) Analyzing the system performance under different operating conditions and presenting documentation to support various group processes. 2) Translation of client requirements into highly specified project briefs, identifying options for potential solutions and assessing them for both technical and business sustainability. 3) Identifying complex problems and reviewing related information to develop, evaluate options and develop solutions.

Working on this project is helping me to enhance my skill set acquired from my STEM degree and useful problem solving & decision making skills. Going forward, gaining a good understanding of the client's existing systems & business models is my objective.
